# Gaelic Football & Hurling Association of Australasia Education Plan

## Introduction

Education is key to protecting the integrity of Australian sport. Sport Integrity Australia (SIA) and Gaelic Football & Hurling Association of Australasia are committed to working together to mitigate and manage integrity threats to provide a safe and fair environment for participants at all levels of sport.

This Education Plan has been developed in partnership with SIA, who will support this plan through the provision of education resources and interventions as and where possible. It outlines the required and recommended education interventions for all members of Gaelic Football & Hurling Association of Australasia to facilitate compliance with the National Integrity Framework policies, Gaelic Football & Hurling Association of Australasia Anti-Doping Policy and the World Anti-Doping Code International Standard for Education (ISE).

## Anti-Doping

Under the ISE, Sport Integrity Australia is required to ensure specific cohorts receive anti-doping education - either via online or face-to-face education. A key principle of the ISE is that athletes should receive education prior to being tested.

To satisfy these requirements, the following cohorts are required to receive anti-doping education:

- Any athletes included in Registered, National or Domestic Testing Pools;
- Any athletes and support personnel\* competing or involved in International or Declared events, championships or competitions;
- Any athletes and support personnel\* competing or involved in leagues subject to User Pay testing;
- Any athletes and support personnel\* returning from an Anti-Doping Rule Violation sanction.

The education requirements of cohorts outside of these categories are tailored to the unique environment of Gaelic Football & Hurling Association of Australasia, which is outlined in the following attachments:

**Attachment A - Required and Recommended Education** – Outlines the anti-doping education requirements and recommendations for Gaelic Football & Hurling Association of Australasia members, categorised by membership type and competition level.

**Attachment B - Gaelic Football & Hurling Association of Australasia Delivered Education** – Allows for additional Gaelic Football & Hurling Association of Australasia specific requirements not listed in Attachment A to be included, if desired.

\*Support Personnel includes any coach, trainer, manager, agent, team staff, official, medical, paramedical personnel, parent or any Other Person working with, treating or assisting an Athlete participating in or preparing for sports Competition. See articles 1.3.1.1 and 1.3.1.2 of anti-doping policy for further information.

The Education Plan will be reviewed annually, or as necessary to assess implementation and compliance, allow for changes in response to any evolving threats, and to incorporate new education resources developed by Sport Integrity Australia.

## Conclusion

This Education Plan is a partnership between Sport Integrity Australia, who will support this plan through the provision of education resources and interventions, and Gaelic Football & Hurling Association of Australasia, who is responsible for implementing this plan within their sport.
